Johns Hopkins University Conference

Johns Hopkins University arranged a conference entitled “Globalization and Infectious Diseases: Institutions, Policies, and the Threat of Bioterrorism,” held on November 6 in Washington, DC. This event was webcast live through a grant from the Kaiser Family Foundation.

Kaisernetwork.org is a free service of the Kaiser Family Foundation. Please visit <http://www.kaisernetwork.org> and search Healthcast for “Bioterrorism” to view the archived webcast that contains transcripts, speaker bios, and related links.
