

Registered Biosafety Professional (RBP) List

The qualifications of the following individuals have been evaluated by the Registration Evaluation Board and based upon this review, have been granted Registered Biosafety Professional (RBP) status by the American Biological Safety Association. The list represents only those individuals awarded RBPs since January 2001, but will be augmented in subsequent issues with the names of those members who have attained RBPs prior to this date.

The list of eight individuals below reflects those who have been approved from January 2001 to the present, their affiliation at the time of their application, and the date of approval.
