2002 ABSA Training Exhibit
Outstanding Means of Communication Citation
Submission Form

Please check either YES or NO:
☐ YES, I wish to have my original Biosafety Training Material(s) considered for the 2002 Outstanding Means of Communication Citation (deadline is September 15, 2002).
☐ NO, I do not want this material considered for the Outstanding Means of Communication Citation. However, please my Biosafety Training Material(s) as part of the 2002 ABSA Training Exhibit.

Eligibility: To be eligible for the citation, you must be an ABSA member. A member does not have to attend the Conference to exhibit material and be eligible for the citation and only non-commercial material will be considered (i.e., material that is not available for sale). Receipt of this citation does not imply that the American Biological Safety Association endorses the selected training or educational material.

Name:________________________________________________________
Organization:__________________________________________________
Phone:_____________ Fax:_____________ E-mail:____________________
Mailing Address:__________________________________________________________________

Type of Training Resource:  ☐ Booklet  ☐ Manual  ☐ Newsletter  ☐ Poster
☐ Training Handout  ☐ Video  ☐ Book  ☐ CD-ROM
☐ Web-Based Program
(you will need to establish a URL that can be accessed from the connection at the exhibit booth)
☐ Other (please describe):__________________________________________

Please provide a response to the following questions (use a separate sheet if necessary):
1) Please provide a brief description of the item and how this material is used within your organization.
2) What is the target audience for this material?
3) How did you communicate, advertise this material at your institution?
4) Did you evaluate this Biosafety Training Material?  ☐ Yes  ☐ No
   a) If “yes” to question #4, how was the evaluation conducted?
   b) What were your (measurable) results?
5) What impact has this material had on your organization?

Send this completed form and a copy of your training material to:
American Biological Safety Association (ABSA)
