Copyright Permission and Acknowledgment Form

I, _____, hereby grant to the American Biological Safety Association (“ABSA”) for the full term of the copyright and renewals thereof the exclusive right to print, publish, distribute and sell in any form or medium currently in existence or hereafter established the submission entitled

_____ (the “Work”)

The undersigned represents and warrants that (s)he is the sole author of the Work and owns all rights granted under this Agreement; that (s)he has not sold, licensed, assigned or otherwise encumbered and will not sell, license, assign or otherwise encumber the rights granted by this Agreement; that the Work is original and not in the public domain, and that it will not infringe the copyright or violate any right of any person or party whatsoever, nor be libelous or otherwise unlawful in any respect; and that (s)he has obtained all necessary written permissions or other clearances to permit the use of any third party material embodied in the Work. The Author shall indemnify and hold harmless ABSA, its distributors, agents and licensees and any other person or firm to whom ABSA or its licensees may extend the representations and warranties contained herein in connection with the production or distribution of the Work or the exercise of any rights herein or derived therefrom, against any resulting loss, cost and expense, including reasonable counsel fees, arising from the breach, or any allegation, which if true, would constitute a breach, of the foregoing warranties and representations of this Agreement. In connection therewith, ABSA shall have the right to defend the same through counsel of its own choosing and the author shall fully cooperate in the defense. These warranties, representations, and indemnities shall survive the term and termination of this Agreement.

During the term of this Agreement, the undersigned shall not publish, or authorize the publication of a work which is based substantially on the subject matter or material in the Work, without the written consent of the Publisher.

ABSA shall have the right to edit, re-design, and re-index the Work. Any and all decisions regarding use or publication of the Work shall reside solely with the ABSA, at its discretion. ABSA shall have the right to make final determinations concerning marketing of the Work, including the method of printing, the publishing process, the form, style, size, paper to be used, setting the price and other terms of the sale and any and all like details.

If ABSA fails to publish the Work within 24 months after the Undersigned has delivered the work to ABSA, unless such failure is due to circumstances beyond ABSA’s control, the Undersigned may terminate this Agreement upon written notice to ABSA.
